**DECLARATION OF ERIN N. BRADY**

I, Erin N. Brady, make this declaration based on my personal knowledge and pursuant to 28 U.S.C. § 1746. I hereby state as follows:

1. I am Of Counsel with the law firm Jones Day, and I am admitted in the state of California.

2. I respectfully submit this declaration in connection with the Objection of Financial Guaranty Insurance Company to the Debtors’ Second Supplemental Motion Pursuant to Fed. R. Bank. P. 9019 for Approval of the RMBS Trust Settlement Agreements.

3. I supervised the review of the electronic metadata fields that were produced to Financial Guaranty Insurance Company from the Debtors and Ally (“Produced Metadata”).

4. I caused a search of the Produced Metadata using the electronic discovery platform DocuMatrix, the proprietary document hosting platform maintained by Epiq Systems, Inc.

5. Attached hereto as Exhibit A is a group of charts summarizing the results of the database searches. Attached hereto as Exhibits B to J are spreadsheets listing, in chronological order, each email located, including the “To,” “CC,” “From,” and “Subject” fields.

6. I caused a search to be conducted for the following individuals in the “To” and “CC” Produced Metadata fields: Tammy Hamzhepour (“Hamzhepour”), Timothy Devine (“Devine”) and Gary Lee (“Lee”).<sup>1</sup> I reviewed a summary of the Produced Metadata search results, and determined the following:

- (a) Hamzhepour received 607 unique emails during the period of July 12, 2011 through May 13, 2012.<sup>2</sup> On May 13, 2012, the day the proposed settlement was finalized, Hamzhepour received 22 emails.
- (b) Devine received 1,034 unique emails during the period of June 8, 2011 through May 13, 2012.<sup>2</sup> On May 13, 2012, Devine received 216 emails.
- (c) Lee received 1,012 unique emails during the period of April 5, 2012 through May 13, 2012.<sup>2</sup> On May 13, 2012, Lee received 351 emails.

7. I caused a search be conducted for the following individuals in the “From” Produced Metadata field: Hamzhepour, Devine and Lee.<sup>3</sup> I reviewed a summary of the Produced Metadata search results, and determined the following:

- (a) Hamzhepour authored 65 unique emails during the period of June 29, 2011 through May 13, 2012.<sup>2</sup> Of these emails, three pre-dated October, 2011, and were not related to the RMBS settlement negotiations with the institutional investors. Those emails are attached hereto as Exhibit K. On May 13, 2012, Hamzhepour sent three emails.
- (b) Devine authored 401 unique emails during the period of August 18, 2011 through May 13, 2012.<sup>2</sup> On May 13, 2012, Devine sent 76 emails.

---

<sup>1</sup> See Exhibit L for a list of the metadata fields used to populate this search.

<sup>2</sup> This is the date range of emails produced that (i) hit on the search term and (ii) relate to the RMBS Trust Settlement Agreements and/or the negotiations concerning them, up until signing of the agreements.

<sup>3</sup> See Exhibits M and N for a list of the metadata fields used to populate these searches.

- (c) Lee authored 135 unique emails during the period of April 16, 2012 through May 13, 2012.<sup>2</sup> On May 13, 2012, Lee sent 10 emails.

8. I supervised a further review of the “To” and “CC” Produced Metadata fields within the 65 unique emails authored by Hamzhepour, the results of which are reflected in the group of charts attached as Exhibit A, and the spreadsheets attached as Exhibits B to J, and determined that:

- (a) 47 emails were sent to Devine, of which two were sent solely to Devine and 22 were sent to Devine as the first recipient of the email when addressed to multiple recipients;
- (b) 16 emails were sent to Lee, of which nine were sent solely to Lee and five were sent to Lee as the first recipient of the email when addressed to multiple recipients;
- (c) Four emails were sent to individuals at Gibbs & Brun LLP (“Steering Committee Group”), of which three were sent to Kathy Patrick as the first recipient of the email; and
- (d) Two emails were sent to individuals at Talcott Franklin, P.C. (“Talcott Franklin Group”), of which none were sent to Mr. Talcott Franklin.
- (e) Ms. Hamzhepour’s emails that were produced and not withheld as privileged are largely process oriented, arranging meetings, transmitting signatures or documents. Attached hereto as Exhibit O is a complete copy of the 65 emails that Ms. Hamzhepour sent between July 12, 2011 through May 13, 2012.

9. I supervised the review of the “To” and “CC” Produced Metadata fields within the 401 unique emails authored by Devine and determined that:

- (a) 148 emails were sent to Hamzehpour, of which four were sent solely to Hamzehpour and 41 were sent to Hamzehpour as the first recipient of the email when addressed to multiple recipients;
- (b) 105 emails were sent to Lee, of which one was sent solely to Lee and 49 were sent to Lee as the first recipient of the email when addressed to multiple recipients;
- (c) 67 emails were sent to the Steering Committee Group, of which 31 were sent solely to Kathy Patrick and 12 were sent to Kathy Patrick as the first recipient of the email when addressed to multiple recipients; and
- (d) 27 emails were sent to the Talcott Franklin Group, of which 13 were sent solely to Mr. Talcott Franklin and 10 were sent to Mr. Franklin as the first recipient of the email when addressed to multiple recipients.

10. I supervised the review of the “To” and “CC” Produced Metadata fields within the 135 unique emails authored by Lee and determined that:

- (a) 65 emails were sent to Hamzehpour, of which six were sent solely to Hamzehpour and nine emails were sent to Hamzehpour as the first recipient of the email when addressed to multiple recipients;
- (b) 85 emails were sent to Devine, none of which were sent solely to Devine and 38 of which were sent to Devine as the first recipient of the email when addressed to multiple recipients;
- (c) 28 emails were sent to the Steering Committee Group, of which four were sent solely to Kathy Patrick and 17 were sent to Kathy Patrick as the first recipient of the email when addressed to multiple recipients; and

(d) Eight emails were sent to the Talcott Franklin Group, of which none were sent to Mr. Franklin.

11. I supervised the review of the privilege logs of Debtors and Ally Financial, Inc. (“Ally”) submitted to Financial Guaranty Insurance Company, which indicate that of those emails that were withheld based on a purported privilege, Tammy Hamzehpour (“Hamzehpour”) authored 80 emails, Timothy Devine (“Devine”) authored 149 emails, and Gary Lee (“Lee”) authored 197 emails.

Moody's has sent us some follow up items that they require we provide prior to their onsite visit. They are requesting we provide samples of Credit Risk Management Reports. Can you or a member of your team provide these documents? We are working to gather all of the additional information they are requesting by EOB today or early tomorrow morning. I apologize for the short timeline.

Based on our meeting this week, Cathy drafted the following regarding MI Rescission to include in Missed Opportunities for Q1.

**Missed Opportunities:**

Rescinded MI obligations - Closer coordination and collaboration between members of the finance, risk and servicing teams with respect to rep & warrant related activities should be encouraged to ensure a comprehensive understanding of incurred and potential exposure(s).

Please review and let me know if you have any comments or changes.

I will then add to Q1 Scorecards for Servicing and Accounting.

Mr. Franklin,

We did speak to counsel for the trustee, but we were not provided anything in writing indicating the information we requested from you in our letter. Once you provide that information, either to us directly or to the trustee with instructions to provide it to us, we will be able to continue a discussion with the trustee.

Best regards,

I am on Central Time but can talk at your convenience. I re-read your letter and apologize at being perplexed at what you are requesting. We already provided certificates of beneficial ownership to the Trustee. As I understand it, the Trustee's outside counsel has informed you that the Trustee has examined that proof of ownership, that it is adequate, that the certificateholders have the power of direction, and that I represent the certificateholders. I have never seen a servicer ask for more than that. I understand you are on a plane right now, but when you land please call and help me understand what it is you need to move forward. Thanks for the explanation.

I propose that we fill in the Tolling Agreement signature blocks where you signed as follows:  
RFC=General Counsel, and RALI=Authorized Signatory. Is that ok with you?

Thanks

Jerry,

RALI does not have an official general counsel. However, it is a wholly owned subsidiary of RFC and my position as General Counsel of both RFC and its parent company, Residential Capital, LLC, authorizes me to execute these types of agreements on behalf of ResCap and its subsidiaries. I'm not sure how you wish to reflect that on the signature block.

Best regards,  
Tammy

THIS EMAIL IS CONFIDENTIAL AND SUBJECT TO THE CONFIDENTIALITY AGREEMENT.

Hi, Kathy. Attached is the template populated with aggregated data we have been able to pull together over the past few weeks.

We have included various footnotes to provide clarification on certain of the columns. This is a big project for our business folks and some of the concepts or data points may be tracked by our servicing team in a different way than the template would call for. For example, they have information readily available for historic 90 + delinquencies (columns H, I, J and K), but not 60 + as originally suggested in the template. As a result, we would be happy to put together a meeting or call with the business to walk through all such items to the extent you and your colleagues have questions.

Please let us know your thoughts. Looking forward to our discussion.

Regards,

**John G. Ruckdaschel**

Good morning. We will delete the words on pages 2 and 3 of the NDA indicated in paragraphs #1 and #2 of your below email. As to Deutsche Bank Trust Co. Americas and QO3 Investors LLC, the attached Schedule I is accurate. We have attached the as-changed final NDA and ask that all parties circulate their signatures. Tal Franklin will sign Sunday evening or earlier in NYC. A blacklined NDA is also attached for your convenience, as is a blank signature page in Word format.

We reserve all of our clients' and Talcott Franklin P.C.'s rights that may be applicable under law and equity.

We are fine with your changes, except the following two that we cannot accept:

1. On Page 2, please delete the added language regarding Schedule 1: "by written notice to Talcott of the information to be disclosed as far in advance of its disclosure as practicable and, upon request, such Person must use all reasonable commercial efforts to obtain assurances that confidential treatment will be accorded to such information." We think we provided more than adequate protections already for the confidentiality of Ex I and cannot be bound to your additional language.
2. On Page 3, please delete the language you added re use of Eval Material in court: "except to rebut a statement or filing made in a court of law or equity that materially misrepresents or is contrary to Evaluation Material provided to Talcott, and only then not without a court order based on a hearing after notice where such hearing includes an in camera viewing by the court of the disputed statement or filing and related Evaluation Material." This is precisely what you cannot do and we will not be able to share Eval Material with you if you wish to use it in court in any fashion.

Finally, we thought Deutsche Bank Trust Co. Americas? and QO3 Investors LLC? were within your plaintiff group. If so, please add them to Schedule I.

?

Jerry, if agreeable to you, please make the changes above and circulate the NDA for signature.

We today received authority from the relevant bondholder to furnish you with the attached certification of its beneficial holdings in the RALI 2005-QA13 transaction.

Mike Kraut (my litigation colleague) and I would like to speak to you and/or Tim Devine (don't have Tim's contact info) either tonight or early tomorrow. DB feels strongly that the parties should enter into a tolling agreement of limited duration to allow a calm discussion of the holder's concerns/allegations.

Please let us know if there is a time that works.

Ms. Hamzhehpour:

I just left you a second phone message trying to reach you to discuss your correspondence with Falcott Franklin about his letter of November 18.

It is urgent that we speak immediately if RFC wishes to avoid a situation where my client, Deutsche Bank, as trustee, will be compelled to file suit this month under instruction from certificate holders. I think that would be unfortunate, since the certificate holders in question really do want to discuss issues with RFC directly and seem level-headed. Therefore, they would rather "toll and talk" than file suit.

I can be reached at the phone numbers below.

John Rosenthal

PRIVILEGED AND CONFIDENTIAL

As we've discussed, we've gotten as far as we are going to get on all the key issues.

I recommend we sign the Confi and the Tolling/Forbearance Agreements.

To continue the clear message we have sent from the start, I recommend that Bill sign for Ally and Tammy sign for ResCap.

Please let me know if you would like to discuss further. Otherwise, please sign and forward to me your signature pages and I'll coordinate execution with Patrick.

I can't tell yet whether she just needs to "check the box" with us while she turns to bigger game, or whether we can expect a great deal of pressure to negotiate in earnest. I'm going to give them always something small to work on and owe to us, so that there are modest bumps to progress. We'll see.

Thanks.

If these versions are OK with you, please sign and return the PDFs (which reflect the final versions of the Word Documents, i.e. after accepting all tracked changes). We will then promptly send the spreadsheets mentioned in the second-to-last Whereas clause of the tolling agreement.

Mr. Franklin,

We did speak to counsel for the trustee, but we were not provided anything in writing indicating the information we requested from you in our letter. Once you provide that information, either to us directly or to the trustee with instructions to provide it to us, we will be able to continue a discussion with the trustee.

Best regards,

Tammy

I am on Central Time but can talk at your convenience. I re-read your letter and apologize at being perplexed at what you are requesting. We already provided certificates of beneficial ownership to the Trustee. As I understand it, the Trustee's outside counsel has informed you that the Trustee has examined that proof of ownership, that it is adequate, that the certificateholders have the power of direction, and that I represent the certificateholders. I have never seen a servicer ask for more than that. I understand you are on a plane right now, but when you land please call and help me understand what it is you need to move forward. All of my numbers are below. If you cannot reach me at one, please try the others. Thanks!

CONFIDENTIAL

FOR SETTLEMENT PURPOSES ONLY

Kathy and David:

Please see the attached markups of the draft Confi and Tolling Agreement you had sent over.

The rationale for some of the markups will be self-evident. There are some I would like to walk through with you at your convenience.

Among the points we're addressing by markups to the Confi are potential that the talks may need to be disclosed in public financial filings, as apparently some banks may have done. Also that we may contractually be required to disclose them if we are approached by a Trustee or other claimant asserting standing to challenge us on the applicable contract. Finally, should we all proceed to a production of loan files or similar records containing customer or investor information, we may need to enter additional agreements protecting the PII or other info more expressly.

Biggest point in the markups to the draft Tolling Agreement I think is that we ought to have the particular interests of your clients identified as against particular deals, so that all parties involved have a clear and unambiguous meeting of the minds as to what particular claims are covered by the agreements and the discussions. Also need to address risk that other parties or counsel may bring claims or inquiries relating to the same investments which are the basis of the interests under discussion here – whether such claims come for example from a monoline, a trustee, a government agent or agency of any sort, etc. – which of course we would need to address and/or defend.

I'm out of town tomorrow, back in the office the rest of the week. Happy to discuss, to answer questions.

Looking forward to next steps.

Thanks.

Tim

Tim,

Thanks for the reply. No worries about the delay. Believe me I know how busy all of us who work in this space are.

We have confirmed that the investor has sufficient beneficial ownership to direct the trustee, although at present I do not have authority to disclose the identity of the investor. If that is an issue for you, let's discuss. We are interested in moving forward as promptly as possible, but if you are traveling this week, perhaps today we can set a day and time to speak next week when you return. That said, if you prefer to speak this week, I have young kids and therefore am up all hours and would be happy to speak at a time that is convenient for whatever time zone you are in.

Safe travels.

Tim,

I am writing about two separate tolling agreements.

First, I would like to execute the tolling agreement that we finished negotiating last week, which is the subject of the below e-mail chain. If possible, let's finalize this today, as I will be out tomorrow and would like to wrap this up as soon as possible. I don't think there are any more hurdles to clear on this one.

Second, as I mentioned in my voicemail a few days ago, I am reaching out to you about another tolling agreement on behalf of different investors. I attach a draft for your review. You will note that it is identical to the draft that we negotiated below, except: (i) I have changed the Effective Date to today, and (ii) I changed the Trusts in Exhibit 1. Otherwise, no changes. Please let me know if this is acceptable. Please be mindful that we are approaching an anniversary date next week, so it is important that I know as soon as possible if we will not be able to reach agreement, so the investor can take whatever steps it deems appropriate.

Regards,  
Mike

Also note I messed up formatting for paragraph 5 when I added the language we discussed.

Tim,

Apologies for the multiple drafts, but it occurred to me this morning that I had placed the “successors and assigns” language in a location that created unintentional ambiguity. I have changed only the language of the first paragraph to include the “successors and assigns” language within the definitions of RFC Parties and the Trustee. Please use this version.

Tim,

Thanks for the reply. No worries about the delay. Believe me I know how busy all of us who work in this space are.

We have confirmed that the investor has sufficient beneficial ownership to direct the trustee, although at present I do not have authority to disclose the identity of the investor. If that is an issue for you, let's discuss. We are interested in moving forward as promptly as possible, but if you are traveling this week, perhaps today we can set a day and time to speak next week when you return. That said, if you prefer to speak this week, I have young kids and therefore am up all hours and would be happy to speak at a time that is convenient for whatever time zone you are in.

Safe travels.

Would it be convenient for you to send an email identifying the investor, the deal, and other details? I assume the investor has certified sufficient ownership in the deal to compel action by the trustee, etc. Please confirm and provide details.

Happy to discuss.

**Subject:** Tolling Agreements

Tim,

I am writing about two separate tolling agreements.

First, I would like to execute the tolling agreement that we finished negotiating last week, which is the subject of the below e-mail chain. If possible, let's finalize this today, as I will be out tomorrow and would like to wrap this up as soon as possible. I don't think there are any more hurdles to clear on this one.

Second, as I mentioned in my voicemail a few days ago, I am reaching out to you about another tolling agreement on behalf of different investors. I attach a draft for your review. You will note that it is identical to the draft that we negotiated below, except: (i) I have changed the Effective Date to today, and (ii) I changed the Trusts in Exhibit 1. Otherwise, no changes. Please let me know if this is acceptable. Please be mindful that we are approaching an anniversary date next week, so it is important that I know as soon as possible if we will not be able to reach agreement, so the investor can take whatever steps it deems appropriate.

Regards,  
Mike

Also note that we'll plan to have Tammy Hamzehpour execute for our side. She is GC to the mortgage business and has been executing these type of agreements.

Also note I messed up formatting for paragraph 5 when I added the language we discussed.

Tim,

Apologies for the multiple drafts, but it occurred to me this morning that I had placed the “successors and assigns” language in a location that created unintentional ambiguity. I have changed only the language of the first paragraph to include the “successors and assigns” language within the definitions of RFC Parties and the Trustee. Please use this version.

Tim,

Thanks for the reply. No worries about the delay. Believe me I know how busy all of us who work in this space are.

We have confirmed that the investor has sufficient beneficial ownership to direct the trustee, although at present I do not have authority to disclose the identity of the investor. If that is an issue for you, let's discuss. We are interested in moving forward as promptly as possible, but if you are traveling this week, perhaps today we can set a day and time to speak next week when you return. That said, if you prefer to speak this week, I have young kids and therefore am up all hours and would be happy to speak at a time that is convenient for whatever time zone you are in.

Safe travels.

Mike:

Want to make sure the ball wasn't on my side of the net.

Anything further you all need?

Also – do you have a contact name if we were to reach out business to business to Amherst? Alternatively, do you have inhouse counsel contact info for counsel call?

Thanks.

Mike:

Per our discussion, here is marked up version.

Also note that we'll plan to have Tammy Hamzehpour execute for our side. She is GC to the mortgage business and has been executing these type of agreements.

I'll forward Tammy's best contact address shortly.

Also note I messed up formatting for paragraph 5 when I added the language we discussed.

Thanks again.

Tim,

Apologies for the multiple drafts, but it occurred to me this morning that I had placed the "successors and assigns" language in a location that created unintentional ambiguity. I have changed only the language of the first paragraph to include the "successors and assigns" language within the definitions of RFC Parties and the Trustee. Please use this version.

Mike

As we discussed, please add your comments to this version. The only changes from what I sent last Thursday are to add the phrases "and their successors and assigns" and "and its successors and assigns" as appropriate in the opening paragraph.

Tim,

Thanks for the reply. No worries about the delay. Believe me I know how busy all of us who work in this space are.

We have confirmed that the investor has sufficient beneficial ownership to direct the trustee, although at present I do not have authority to disclose the identity of the investor. If that is an issue for you, let's discuss. We are interested in moving forward as promptly as possible, but if you are traveling this week, perhaps today we can set a day and time to speak next week when you return. That said, if you prefer to speak this week, I have young kids and therefore am up all hours and would be happy to speak at a time that is convenient for whatever time zone you are in.

Safe travels.

Would it be convenient for you to send an email identifying the investor, the deal, and other details? Dear ResCap/Ally Group:

We are digesting the package with Kathy and preparing for some of the expected questions for our group:

In that connection, we would request that you provide us with as many of the following as possible, as soon as possible (and of course without prejudice to further requests):

1. A current organizational chart of Ally, ResCap and their respective subsidiaries
2. All debt and security documents for the money-borrowed debt of ResCap and its subsidiaries, including the junior secured bonds, Ally/intercompany debt, and the legacy unsecured bonds (reflecting the exit consents done at the time of the exchanges)
3. De-consolidated financials for year-end 2009, 2010, 2011, and if available, quarter-ends for those years as well. Audited if available, otherwise unaudited.
4. Sources and uses (historical) of the outstanding Ally loan amounts and any other intercompany balances
5. Expected sources and uses of the DIP financing
6. Any tax sharing or tax allocation agreements between Ally and ResCap/subsidiaries, and any payments under such agreements.

I expect that we will ask for more as the discussions progress, but please let us know on the foregoing items.

Many thanks.

Keith

Thanks John R for keeping pace and eagle eye on all the requests.

This is one of the servicing issues KP identified in our initial NY face to face - the kind that investors care about which is NOT addressed by DoJ/AG Order or other gold standard servicing requirements. At least I think it is.

In what very approx portion of deals have we now gotten blessing of ratings agencies? For those deals where consents have not been obtained, was there an argument? Was basis of non-consent a business basis or just lost in shuffle? Was action taken

My instinct is that she would get all that in some discovery in litigation. And she can't afford to be surprised later. And we rely on trust relationship.

So I favor providing what info we can WITH context.

Happy to hear input of others as it is ultimately a ResCap call.

THIS EMAIL IS PRIVILEGED AND CONFIDENTIAL.

Just among the lawyers, David's question below about modification caps raises an issue. (Cancellieri doesn't have that information and the folks who can track it down will not be able to do it until Monday.) Because of a business decision back in 2008 (that occurred without legal's input), servicing not only hit the caps in the documents, but significantly exceeded them. You can't do that without rating agency consent, which, after the fact we lawyers told the business to go get them. Fortunately, the business has obtained such consents on many (but not all) deals, essentially curing the problem. However, there still remain a handful of deals out there that exceed their caps but don't have the rating agency no-downgrade letters.

Due to the financial crisis, the deals are taking and have taken significant losses, so exceeding the caps probably has not resulted in much more damage than has otherwise occurred as a result of the housing meltdown and that was our pitch to the rating agencies. For a variety of nerdy securitization reasons too, the senior bonds probably didn't see anything occur as a result of exceeding the caps, but who knows.

I thought I should raise this for our group to think about how we go back to the other side. Maybe they won't care or maybe they will just pencil in another chunk of alleged damages and move on. I could send an email back saying, "We'll check with master servicing on Monday, but our understanding is that you will be safe in assuming that the majority of deals with modification caps have hit or exceeded their caps (in the latter case, with accompanying rating agency no downgrade letters.)"

THIS EMAIL IS CONFIDENTIAL AND SUBJECT TO THE CONFIDENTIALITY AGREEMENT.

Hi, Kathy. Attached is the template populated with aggregated data we have been able to pull together over the past few weeks.

We have included various footnotes to provide clarification on certain of the columns. This is a big project for our business folks and some of the concepts or data points may be tracked by our servicing team in a different way than the template would call for. For example, they have information readily available for historic 90 + delinquencies (columns H, I, J and K), but not 60 + as originally suggested in the template. As a result, we would be happy to put together a meeting or call with the business to walk through all such items to the extent you and your colleagues have questions.

Please let us know your thoughts. Looking forward to our discussion.

Regards,

Yesterday, I received the attached letter from Kathy Patrick, a Houston attorney, requesting to meet with Ally representatives next week to "seek a resolution of repurchase and servicing claims with Ally". Ms Patrick represented the claimants in the \$8.5 billion settlement with BofA.

I am meeting with Tim Devine and the litigation team later today to develop a recommend approach for dealing with this.

I'm hoping to schedule something with you tomorrow or Wednesday on the issues we've discussed. Attached is a draft confidentiality agreement I've been asked to forward to you by bankruptcy counsel for ResCap. I have not gone through it in detail but it was drafted to permit the sort of information exchange you and I discussed. Counsel's view was that it was necessary in addition to and without limiting the existing confidentiality agreement.

Happy to discuss.

Please review and let us know if we have set up the interaction between these sets of documents correctly.

Please note this term sheet is still being reviewed both by Tim and by folks in our shop, but we are providing a draft now in the interests of time.

Tammy:

Thinking of waterfall for KP.

Would like to recommend 3, 4, 6 rather than 4, 5, 6 as low medium high. Thought is that we creat flexibility for discussion re potential losses beyond reserves. I will provide analytics to demonstrate how one could get to 3, 4 or 6. Point is not to persuade KP that such range is correct. She will have strong instinct to dispute it as unrealistically low. We are ok with her informing us otherwise, so long as she comes away knowing that ratcheting up those ranges leads automatially to lower percentage recoveries, by simple math in light of afact that there will only be X or Y real dollars available. What we will sell, though, is basedon strength of Gary's waterfall presentation as btwn GMACM and RFC in the two scenarios. The message to her will be clear - get on board.

Finally, I recommend we use 750 million rather than one billion as potential AFI contribution. I don't have basis to say it should be a billion, and it would be better to leave some room for negotiation. If we want to use a billion we will need clearance from AFI and I haven't spoken to Mike.

I recommend we take advantage of tomorrow's meeting of you, me, Kirkland and MoFo to run through the KP draft slides. Your thoughts?

Thanks.

Catherine

Moody's has sent us some follow up items that they require we provide prior to their onsite visit. They are requesting we provide samples of Credit Risk Management Reports. Can you or a member of your team provide these documents? We are working to gather all of the additional information they are requesting by EOB today or early tomorrow morning. I apologize for the short timeline.

Based on our meeting this week, Cathy drafted the following regarding MI Rescission to include in Missed Opportunities for Q1.

**Missed Opportunities:**

Rescinded MI obligations - Closer coordination and collaboration between members of the finance, risk and servicing teams with respect to rep & warrant related activities should be encouraged to ensure a comprehensive understanding of incurred and potential exposure(s).

Please review and let me know if you have any comments or changes.

I will then add to Q1 Scorecards for Servicing and Accounting.

Dear ResCap/Ally Group:

We are digesting the package with Kathy and preparing for some of the expected questions for our group:

In that connection, we would request that you provide us with as many of the following as possible, as soon as possible (and of course without prejudice to further requests):

1. A current organizational chart of Ally, ResCap and their respective subsidiaries
2. All debt and security documents for the money-borrowed debt of ResCap and its subsidiaries, including the junior secured bonds, Ally/intercompany debt, and the legacy unsecured bonds (reflecting the exit consents done at the time of the exchanges)
3. De-consolidated financials for year-end 2009, 2010, 2011, and if available, quarter-ends for those years as well. Audited if available, otherwise unaudited.
4. Sources and uses (historical) of the outstanding Ally loan amounts and any other intercompany balances
5. Expected sources and uses of the DIP financing
6. Any tax sharing or tax allocation agreements between Ally and ResCap/subsidiaries, and any payments under such

I expect that we will ask for more as the discussions progress, but please let us know on the foregoing items.

Many thanks.

Regards,  
Keith

Gary and All:

The presentation is helpful, but we still cannot see how the collateral packages tie into the lien creditors—and we need to understand that. Ross and Keith will come back to you with a list of the additional documents we need (i.e. deconsolidated financials and indentures and security agreements for the debt), but please plan to address those issues tomorrow.

Thanks,

Good morning. We will delete the words on pages 2 and 3 of the NDA indicated in paragraphs #1 and #2 of your below email. As to Deutsche Bank Trust Co. Americas and QO3 Investors LLC, the attached Schedule I is accurate. We have attached the as-changed final NDA and ask that all parties circulate their signatures. Tal Franklin will sign Sunday evening or earlier in NYC. A blacklined NDA is also attached for your convenience, as is a blank signature page in Word format.

We reserve all of our clients' and Talcott Franklin P.C.'s rights that may be applicable under law and equity.

Jerry,

1. On Page 2, please delete the added language regarding Schedule 1: "by written notice to Talcott of the information to be disclosed as far in advance of its disclosure as practicable and, upon request, such Person must use all reasonable commercial efforts to obtain assurances that confidential treatment will be accorded to such information." We think we provided more than adequate protections already for the confidentiality of Ex I and cannot be bound to your additional language.

2. On Page 3, please delete the language you added re use of Eval Material in court: "except to rebut a statement or filing made in a court of law or equity that materially misrepresents or is contrary to Evaluation Material provided to Talcott, and only then not without a court order based on a hearing after notice where such hearing includes an in camera viewing by the court of the disputed statement or filing and related Evaluation Material." This is precisely what you cannot do and we will not be able to share Eval Material with you if you wish to use it in court in any fashion.

Finally, we thought Deutsche Bank Trust Co. Americas? and QO3 Investors LLC? were within your plaintiff group. If so, please add them to Schedule I.  
?

Jerry, if agreeable to you, please make the changes above and circulate the NDA for signature.

Rick, Gary and Tim:

We spent a long time on the phone with our clients this afternoon and evening. Scott will shortly send you revisions that reflect where our clients landed. There were many issues of great sensitivity to them, but I believe we have arrived at a resolution that is consistent with what I discussed this afternoon with Rick and Tim. Specifically:

1. Plan Support

Our clients are prepared to sign a plan support agreement that includes the contemplated release of individual investors' securities or fraud claims against Ally, provided that: a) all parties acknowledge the right of individual investment advisers' clients to intervene to contest any such release, and b) all parties acknowledge that the investment advisers do not own those claims and thus are neither compromising nor releasing them in any of the agreements they sign. This will permit all of our clients and the investment advisers to:

- a. Ensure they do not release or purport to release what they do not own;
- b. Express their support for a settlement that they believe is in the best interests of all Certificateholders; and,
- c. Ensure that any release granted to Ally affects all investors equally and, if granted, will be implemented only upon Ally's performance of its commitments under the Plan.

This is the most we can do given the limitations on our clients' authority, but it was sufficient in Bank of America. We believe it should be sufficient here.

We also understand, and Thrivent will require, that its separate resolution with you will be accomplished before the Plan Support Agreement is signed. Please confirm this will happen.

## 2. Maintenance of Holdings

Your lockup proposal is a deal breaking issue for our clients. Our clients have thousands of individual clients; others have portfolios that must be managed to meet stated investment objectives. A prospective lockup of bonds simply will not (and can never) work for them. Though there are many reasons why a sale might be necessary, our clients do not intend to pursue sales for the purpose of defeating or undermining their obligations under these agreements. History has also demonstrated that our clients have been entirely faithful to the obligations they assumed under the Bank of America settlement agreement. They have advocated zealously for the approval of that settlement for over a year. This has been true even of those investors who are advisers for others and who stand to gain nothing for themselves from the exercise. With the exception of the Maiden Lane Portfolios, whose liquidation was contemplated by the Bank of America settlement, we confirmed this afternoon that our clients have not engaged in large scale selling of their portfolios even though their Countrywide securities have gone up in price.

Our clients can and will agree to do what they did in Bank of America: they will maintain holdings in at least one trust so as to ensure they retain standing. Though it should not be necessary, they also can and will agree that they will not sell for the purpose of undermining their obligations under the Plan Support Agreement. Our clients can and will agree to advocate publicly and openly for this settlement in court. Our clients cannot, and will not, do more than that.

## 3. Fortress Sale

The Fortress Sale is a condition to the Ally Settlement. The Ally Settlement is--in turn--a condition to the Plan our clients are agreeing to support. So long as the termination of the Ally Settlement or the Fortress Settlement are events of termination for our clients, and are made express (not inherent) termination events, that should largely suffice to address our earlier concerns. We therefore propose that we: a) make those conditions express, such that their failure permits our clients or the Trustees to terminate; and, b) that we agree on a simple, mechanical process in which we send you our clients' signatures in trust, pending the execution of the Fortress and Ally Agreements. Once the Fortress Agreement is signed, we will authorize you to affix our clients' signatures to it and we can all proceed.

## 4. Rule 2019 Confidentiality

The disclosure of our clients' holdings is a matter of confidential and proprietary information. We had earlier requested that the Debtors undertake to seek an order providing that those holdings would be confidential for all creditors; though this request was refused at the time, we trust this will not be an ongoing problem given the matters discussed above. It would be most unfortunate if obduracy on this essential requirement were to become an impediment to what otherwise appears capable of being accomplished.

Please advise us promptly whether these changes will work. I have one final call with my clients tomorrow at 1:30 Central and we must have final terms before that time. If you need to reach me this evening, please send me an email and I will call you back.

Thanks,

Kathy

Rick, Gary and Tim:

We spent a long time on the phone with our clients this afternoon and evening. Scott will shortly send you revisions that reflect where our clients landed. There were many issues of great sensitivity to them, but I believe we have arrived at a resolution that is consistent with what I discussed this afternoon with Rick and Tim. Specifically:

#### 1. Plan Support

Our clients are prepared to sign a plan support agreement that includes the contemplated release of individual investors' securities or fraud claims against Ally, provided that: a) all parties acknowledge the right of individual investment advisers' clients to intervene to contest any such release, and b) all parties acknowledge that the investment advisers do not own those claims and thus are neither compromising nor releasing them in any of the agreements they sign. This will permit all of our clients and the investment advisers to:

- a. Ensure they do not release or purport to release what they do not own;
- b. Express their support for a settlement that they believe is in the best interests of all Certificateholders; and,
- c. Ensure that any release granted to Ally affects all investors equally and, if granted, will be implemented only upon Ally's performance of its commitments under the Plan.

This is the most we can do given the limitations on our clients' authority, but it was sufficient in Bank of America. We believe it should be sufficient here.

We also understand, and Thrivent will require, that its separate resolution with you will be accomplished before the Plan Support Agreement is signed. Please confirm this will happen.

#### 2. Maintenance of Holdings

Your lockup proposal is a deal breaking issue for our clients. Our clients have thousands of individual clients; others have portfolios that must be managed to meet stated investment objectives. A prospective lockup of bonds simply will not (and can never) work for them. Though there are many reasons why a sale might be necessary, our clients do not intend to pursue sales for the purpose of defeating or undermining their obligations under these agreements. History has also demonstrated that our clients have been entirely faithful to the obligations they assumed under the Bank of America settlement agreement. They have advocated zealously for the approval of that settlement for over a year. This has been true even of those investors who are advisers for others and who stand to gain nothing for themselves from the exercise. With the exception of the Maiden Lane Portfolios, whose liquidation was contemplated by the Bank of America settlement, we confirmed this afternoon that our clients have not engaged in large scale selling of their portfolios even though their Countrywide securities have gone up in price.

Our clients can and will agree to do what they did in Bank of America: they will maintain holdings in at least one trust so as to ensure they retain standing. Though it should not be necessary, they also can and will agree that they will not sell for the purpose of undermining their obligations under the Plan Support Agreement. Our clients can and will agree to advocate publicly and openly for this settlement in court. Our clients cannot, and will not, do more than that.

#### 3. Fortress Sale

The Fortress Sale is a condition to the Ally Settlement. The Ally Settlement is--in turn--a condition to the Plan our clients are agreeing to support. So long as the termination of the Ally Settlement or the Fortress Settlement are events of termination for our clients, and are made express (not inherent) termination events, that should largely suffice to address our earlier concerns. We therefore propose that we: a) make those conditions express, such that their failure permits our clients or the Trustees to terminate; and, b) that we agree on a simple, mechanical process in which we send you our clients' signatures in trust, pending the execution of the Fortress and Ally Agreements. Once the Fortress Agreement is signed, we will authorize you to affix our clients' signatures to it and we can all proceed.

#### 4. Rule 2019 Confidentiality

The disclosure of our clients' holdings is a matter of confidential and proprietary information. We had earlier requested that the Debtors undertake to seek an order providing that those holdings would be confidential for all creditors; though this request was refused at the time, we trust this will not be an ongoing problem given the matters discussed above. It would be most unfortunate if obduracy on this essential requirement were to become an impediment to what otherwise appears capable of being accomplished.

Please advise us promptly whether these changes will work. I have one final call with my clients tomorrow at 1:30 Central and we must have final terms before that time. If you need to reach me this evening, please send me an email and I will call you back.

Thanks,

Kathy

Below is the disclosure from the Ally 10-K for year-end 2010. It's clearly out there, but not in the detail that KP's group is requesting.

In connection with its servicing of securitized mortgage loans, ResCap is subject to contractual caps on the percentage of mortgage loans it is permitted to modify in any securitized pool. The financial crisis has resulted in dramatic increases in the volume of delinquent mortgage loans over the past three years. In an effort to achieve the best net present value recovery for the securitization trust, ResCap increased the volume of modifications of distressed mortgage loans to assist homeowners and avoid liquidating properties in a collapsing and opaque housing market. In certain securitization transactions, ResCap has exceeded the applicable contractual modification cap. The securitization documents provide that the contractual caps can be raised or eliminated with the concurrence of each rating agency rating the transaction. For certain transactions with respect to which loan modifications have exceeded the contractual caps, the rating agencies have concurred in raising or eliminating the caps, but they have not consented in connection with other such transactions. ResCap will continue to seek their concurrence in connection with other transactions as it deems appropriate and will suspend modifications in excess of applicable caps pending receipt of such consent or investor approval to amend the servicing contracts. An investor in a specific mortgage security class might claim that modifications in excess of the applicable cap amounted to a material failure of ResCap to perform its servicing obligations and that the investor was damaged as a result. Such claims, if successful, could have a material adverse effect on our financial condition, liquidity, and results of operations.

Thanks John R for keeping pace and eagle eye on all the requests.

This is one of the servicing issues KP identified in our initial NY face to face - the kind that investors care about which is NOT addressed by DoJ/AG Order or other gold standard servicing requirements. At least I think it is.

In what very approx portion of deals have we now gotten blessing from ratings agencies? For those deals where consents have not been obtained, was there an argument? Was basis of non-consent a business basis or just lost in shuffle? Was action taken against the company or threatened in connection with unauthorized exceeding of caps?

My instinct is that she would get all that in some discovery in litigation. And she can't afford to be surprised later. And we rely on trust relationship.

So I favor providing what info we can WITH context.

Happy to hear input of others as it is ultimately a ResCap call.

THIS EMAIL IS PRIVILEGED AND CONFIDENTIAL.

Just among the lawyers, David's question below about modification caps raises an issue. (Cancellieri doesn't have that information and the folks who can track it down will not be able to do it until Monday.) Because of a business decision back in 2008 (that occurred without legal's input), servicing not only hit the caps in the documents, but significantly exceeded them. You can't do that without rating agency consent, which, after the fact we lawyers told the business to go get them. Fortunately, the business has obtained such consents on many (but not all) deals, essentially curing the problem. However, there still remain a handful of deals out there that exceed their caps but don't have the rating agency no-downgrade letters.

Due to the financial crisis, the deals are taking and have taken significant losses, so exceeding the caps probably has not resulted in much more damage than has otherwise occurred as a result of the housing meltdown and that was our pitch to the rating agencies. For a variety of nerdy securitization reasons too, the senior bonds probably didn't see anything occur as a result of exceeding the caps, but who knows.

I thought I should raise this for our group to think about how we go back to the other side. Maybe they won't care or maybe they will just pencil in another chunk of alleged damages and move on. I could send an email back saying, "We'll check with master servicing on Monday, but our understanding is that you will be safe in assuming that the majority of deals with modification caps have hit or exceeded their caps (in the latter case, with accompanying rating agency no downgrade letters.)"

Thanks again. This is great. Could you please just have someone send the full Bloomberg Deal names as well? We're updating some data and that would be very helpful.

Good morning. We will delete the words on pages 2 and 3 of the NDA indicated in paragraphs #1 and #2 of your below email. As to Deutsche Bank Trust Co. Americas and QO3 Investors LLC, the attached Schedule I is accurate. We have attached the as-changed final NDA and ask that all parties circulate their signatures. Tal Franklin will sign Sunday evening or earlier in NYC. A blacklined NDA is also attached for

We reserve all of our clients' and Talcott Franklin P.C.'s rights that may be applicable under law and equity.

Thanks

Jerry,

We are fine with your changes, except the following two that we cannot accept:

1. On Page 2, please delete the added language regarding Schedule 1: "by written notice to Talcott of the information to be disclosed as far in advance of its disclosure as practicable and, upon request, such Person must use all reasonable commercial efforts to obtain assurances that confidential treatment will be accorded to such information." We think we provided more than adequate protections already for the confidentiality of Ex I and cannot be bound to your additional language.
2. On Page 3, please delete the language you added re use of Eval Material in court: "except to rebut a statement or filing made in a court of law or equity that materially misrepresents or is contrary to Evaluation Material provided to Talcott, and only then not without a court order based on a hearing after notice where such hearing includes an in camera viewing by the court of the disputed statement or filing and related Evaluation Material." This is precisely what you cannot do and we will not be able to share Eval Material with you if you wish to use it in court in any fashion.

Finally, we thought Deutsche Bank Trust Co. Americas? and QO3 Investors LLC? were within your plaintiff group. If so, please add them to Schedule I.  
?

Jerry, if agreeable to you, please make the changes above and circulate the NDA for signature.
